YCES:

- Kellie Bieghler is looking into new, portable, ready to go AED for YCES. **This has been done, but child-sized pads are still on the way.**
- The gate clamp on the gate that's on the walkway from the undercover area has been getting kicked and ruined. **Gate is no longer getting kicked since bench has been moved.**
- Another issue with the fence around the playground is that there is a gap in the fence that kids push through to get balls that have gone over the fence. **Maintenance is still working on resolving this problem.**
- The soccer goals inside the playground have become an attractive nuisance (kids climbing on, etc.). They should be moved onto soccer field. **The soccer goal has been moved. (Resolved)**
