Yamhill Carlton School District Operating Principles

- 1) Teachers involve students in learning activities from “bell to bell.” At least one third of instructional time is used engaging students with higher order thinking strategies. Learning time is rarely used for make-up work or entertainment, nor is it interrupted with announcements or other distractions.
- 2) Teachers expect students to be active learners. Teachers insist that students take notes during lectures, participate in discussions and teacher directed learning exercises, work as members of teams, and are on task.
- 3) Teachers use proficiency standards for instruction and assessment. Students are taught to learning targets that have defined knowledge and skills. Students are assessed on learning targets and if they have not reached mastery, they are re-taught using a different instructional strategy and provided with other learning interventions.
- 4) Staff members manage student behavior through the Positive Behavior Intervention System. Student misbehavior is not tolerated. Staff members will instruct and recognize correct behavior, redirect poor behavior, and if unsuccessful, will seek appropriate assistance from counselors or administration.
- 5) Staff members create a safe environment that is warm, friendly, and positive. Staff members connect with students and help them to overcome barriers to learning. Staff members communicate with parents frequently.
- 6) All levels of administration support teachers and students through regular feedback and evaluation, good budget management, and practical and visionary leadership.
- 7) School district personnel use a “pilot to practice” model to improve our programs. We implement new ideas by first trying them in small settings before committing them to large scale implementation. When we commit to large scale implementation we support staff with training and resources.
- 8) Facility cleanliness and maintenance is the responsibility of all staff members and students. Teachers and students clean up after themselves. Facilities are cleaned by custodians every day. Damaged facilities are repaired quickly. The learning environments are maintained at a comfortable temperature.

Standard Operating Procedures

Family and Medical Leave Act (FMLA), Oregon Family Leave Act (OFLA)

The federal Family and Medical Leave Act (FMLA) allows the Yamhill Carlton School District to grant eligible and qualified employees up to 12 weeks of unpaid leave or paid leave (if using accrued leave) each year. This leave can be taken for certain family and health related reasons including the following:

- 1) The birth or adoption of an employee's child,
- 2) The care of an immediate family member suffering from a serious illness, or
- 3) The employee's own serious health problem.

To be eligible for FMLA leave, an employee must have worked for the Yamhill Carlton School District for at least twelve months and have worked 1,250 hours for the District immediately preceding the start of the leave. For Oregon Family Leave Act (OFLA) eligibility, employees must have worked an average of 25 hours per week for 180 calendar days immediately preceding the date on which family leave begins. Only the 180-calendar-day portion applies for birth or adoption of a child under OFLA.

If you have any questions or need to request a FMLA/OFLA leave, please contact the District Office at (503) 852-6980.

Payroll Information

The Yamhill Carlton School District encourages employees to utilize the automatic direct deposit process for payroll. Any employee can elect to have their paycheck directly deposited into any bank account. Contact the district office at 503-852-6980 to request enrollment forms and information. The completed authorization forms need to be received in the payroll office by the payroll due dates indicated below. Time sheets are due on the last working day of the month, and should include time worked through the end of each month. Payday is the 15th of the month or the last working day before the 15th if it falls on a weekend or holiday.

Hiring Procedures

All District position openings will be posted online as well as emailed out to the all staff email list. Current employees may submit a letter of interest via email to the District Office to apply for another position in the District. All job postings must have the Superintendent's approval before they are posted. Applicant information is confidential and will be kept at the District office for review and screening by the appropriate department supervisors. Interview schedules, correspondence, and notifications will be the responsibility of the department supervisor or building principal. A recommendation for hire must be submitted to the Board of Directors for approval at the next regularly scheduled Board meeting.

Standard Operating Procedures

All non-certified staff members are required to pass a background check before any interaction with students and will also need to do a fingerprint background check (fee to be deducted from the first paycheck). Certified and classified substitutes must be registered through the sub-finder .

Reporting On The Job Injuries

Process to be followed in the case of an injury, disease, or illness:

1. Report the injury AS SOON AS POSSIBLE but no later than 24 hours after the injury to the immediate supervisor and seek medical treatment if necessary. The District's Workers Compensation carrier is SAIF.
2. If injured on the job, and medical treatment is required, a state of Oregon Workers Compensation form (801) must be completed and filed with Human Resources within twenty-four (24) hours of the injury. All other injuries must be reported on a district Employee Incident Report form.
3. Treating Doctor: Your physician is one of the most important people in the Workers Comp. system. Your treating physician will direct necessary medical treatment, authorize time loss, state the medically stationary date, rate your permanent impairment, and assist your receipt of vocational services. You and the treating physician must communicate early and regularly with the School District.
4. If the physician takes the employee off the job, returns the employee to the job, and/or prescribes job restrictions, this must be in writing by the physician. Please give this information to your immediate supervisor, who will forward information to Human Resources.
5. If off the job on a Workers Compensation Claim, or off the job for any injury or illness, the employee is required to work out with the supervisor a system for checking with the supervisor on a regular basis. This system would have as a minimum a call to the Supervisor at least every five (5) days to give a progress report. This will protect the employee's job and help the District to manage the increased workload.
6. Before you return to work after being off work for three or more days due to an injury, you must bring a doctor's release to return to the job. If you are off work for three (3) days or more for any medical reason, you may be required to submit a doctor's release form to return to work.
7. Early Return-to-Work: You may be permitted to return to work in a modified job based upon your physician's recommendation. The District, at its option, may offer you a modified position so as to minimize job loss days prior to your full medical release for work. If refused, you may lose your workers compensation benefits.

Standard Operating Procedures

Tuition Reimbursement For Licensed Employees/Salary Advancement Based Upon Coursework

Licensed employees subject to the Yamhill Carlton School District/Yamhill Carlton Teachers Association contract are entitled to tuition reimbursement for pre-approved coursework. Details are in the Licensed Contract.

Because these procedures represent a great benefit gain on the part of our licensed staff as well as a change in our billing and payment procedures, the following steps must be followed carefully.

1. All courses must be pre-approved at the District level to determine whether or not the course counts towards salary advancement, and whether or not the tuition reimbursement funds are available.
2. At the time of application, course titles and numbers must be written on the form; if you are in doubt, contact the college or course instructor. Attaching a brief course description is required.
3. Only courses passed with a “C” or better will be reimbursed; an Incomplete is not a passing grade.
4. Because of billing procedures, grades are due for courses within 60 days of the completion of the course;
5. If you have questions or special circumstances for specific classes you wish to take, call Human Resources at the district office.
6. An official transcript is required upon the completion of an approved Masters program. An unofficial transcript or grade card is allowable for all other credits.

Workshop Fund for Classified Employees

The Yamhill Carlton School District encourages all staff to gain additional training and schooling. Classified employees may apply to the District Office for access to staff development funds.

Drug-Free Workplace (School Board Policy GBEC)

No District employee shall manufacture, distribute, dispense, possess and/or use alcohol or illegal drugs or controlled substances (other than those prescribed by a licensed physical or practitioner) in the workplace.

Employees who are convicted of any violation of criminal drug statutes occurring in the workplace are required to notify the superintendent within five working days after such conviction.

Employees have access to the District's Employee Assistance Program to assist them in dealing with drug or alcohol-related problems. Any violation of this policy may subject the employee to disciplinary action including reprimand, suspension, and/or termination.

Standard Operating Procedures

Tobacco-Free Environment (Board Policy GBK/JFCG/KGC)

As of July 1, 1992, the Yamhill Carlton School District is a tobacco-free environment. No employee shall use tobacco in any form on district property, in district vehicles, or in the presence of students under the employee's supervision. Employees in violation of this policy are subject to discipline.

Outside Employment/Honoraria Guidelines

It is a violation of the Oregon Governmental Standards and Practices Law (O.R.S. 244.020 through 244.040) for public employees to receive remuneration for other duties during the time they are also being paid as public employees. In other words, one cannot “double dip” pay while on the public’s time. For instance, an automotive mechanics teacher is prohibited from doing auto “tune-ups” for pay for other teachers during the school day. Another instance would be a custodian who is paid by a cleaning supply company for demonstrating products on school time. For questions about an individual situation please contact the District Office.

Work Hours

Regular start and stop times for staff members will be set by the building principal or department supervisor. In accordance with the negotiated agreement, classified staff will not work before, beyond or outside their established working hours and are not to work overtime without prior authorization from the Superintendent. Working overtime without prior authorization may result in disciplinary action.

Overtime is time worked over forty hours per week. According to the negotiated agreement between the Oregon School Employees Association and the District, a week is defined as seven consecutive days covering Sunday through Saturday.

Breaks for Classified Employees

Scheduled breaks are provided to classified employees to ensure safety, efficiency and to meet the requirements of the Fair Labor Standards Act and the Oregon Bureau of Labor and Industries. According to the negotiated agreement between the Oregon School Employees Association and the district, classified employees receive a 15-minute break during each four-hour period, or major portion thereof, of consecutive service.

The building principal or department supervisor establishes the break schedule in consultation with the employee. Classified employees are expected to adhere to the break schedule. Deviation from the regularly scheduled break period requires prior supervisor approval.

Standard Operating Procedures

District Wellness Policy (Policy EFA,EFA –AR)

All food served, sold, or provided to students in the Yamhill Carlton School District must follow Board Wellness policy EFA and the accompanying AR. Please refer to the online Board Policy Manual for details or ask your building Administrator.

Reporting an Absence

Absences are to be reported in advance whenever possible. The District uses AESOP a web based program to process all leave requests.

Sick Leave: These days accrue on July 1 from one year to the next and can accumulate.

A physician's verification may be required for absences in excess of three days.

Personal Leave: For staff needing to take care of situations that cannot be scheduled outside the school days (1/2 day increments for licensed staff). Personal days need to be approved in advance by the Superintendent. Classified staff must use vacation prior to personal leave. Personal leave is not to be used as vacation time but rather is to be used for appointments that have to occur during work time.

Discretionary Leave: For licensed staff only; substitute pay rate deducted from pay.

Jury Duty: For jury duty or witness obligations.

Bereavement Leave: Time is allowed for staff to attend or arrange funerals for family members or friends. Consult your contract for specific provisions.

Unpaid Leave: Leaves without pay for period up to 12 months must be submitted in writing to your supervisor in advance. Please consult contracts for specific provisions. Board approval is required for teacher leaves of one year.

Professional Leave: Leave with pay to attend District approved professional development or meetings. Any YCSD staff member who volunteers their time to coach a YCSD 7th or 8th grade sport will be allowed to use professional leave when required to miss work for a competition. This does not apply for practices, all practice times must occur outside of the YCSD staff members regular contract time. Any staff member who coaches outside the YCSD must use Personal Leave for all related time off to coach.

Leaves for Staff Development/Curriculum Development/School-Approved Projects:

Teachers and other staff may be asked to participate in staff development or other planning activities during the school day. These activities may require the use of a substitute staff member to cover for the participant. Such requests must be made by the principal or secretary and approved by the District Office.

Standard Operating Procedures

Licensed Staff Substitute Procedures

Each teacher is expected to have a folder that is left on the desk or with the main office. Make sure the following information is available for the substitute teacher: daily schedule, class list, seating chart, written lesson plans, duty schedules, classroom and discipline policies, classroom rules, hall passes, extra work, and emergency information. The lessons plans must be updated weekly. When you need a substitute, use our AESOP system either through your phone or your computer the evening before if possible. Do not ask the building secretaries to complete this process for you.

School Closure Due To Inclement Weather

In general, when inclement weather may affect school operations, the District has several options:

1. Hold school as scheduled.
2. Run Buses on Snow Routes
3. Late bus arrival.
4. Cancel school.
5. Close school early.

Unless closed for the day, or on a 2 hour delay, school will always begin at the regularly scheduled time. In the event it is necessary to close school or adjust school times due to inclement weather, the school will notify **FlashNewsNet** which will broadcast the information to all local news channels on the TV and radio.

All Call: An “All Staff” phone call announcing any schedule changes will be made.

The above methods are the official methods by which the district notifies the employee of a schedule change or school closure, any other building level notifications are not the responsibility of the District Office.

STAFF CLARIFICATION

Late Bus Arrival: Only 30% of students arrive at school by bus. In addition, some children will miss the announcement and show up at the scheduled starting time or parents will drop the students off at school. Staff members will need to be present to supervise them. All employees are expected to report at regular times (when a late bus arrival is called). The late bus arrival will give you a time cushion in case travel is slower than usual. You are not, however, expected to unreasonably endanger life and limb to get to school. We will treat your arrival time with good judgment, just as we expect you to use good judgment in your efforts to get to school on time. Morning kindergarten will be canceled, but employees in kindergarten positions should report at the school’s discretion. Employees who cannot get to work at or near their scheduled time may be asked to use accrued personal or vacation leave for the time missed.

No School: Licensed employees are not to report to school if it has been canceled unless instructed to do so. This arrangement allows the District to reschedule school days at

Standard Operating Procedures

a later time without incurring additional cost. No employee should endanger his/her personal safety to arrive. Please check with your supervisor if you have questions.

Early Closure: If schools are closed after school has begun, principals will determine when and if it is appropriate for employees to be dismissed. Principals and other designated staff will not be dismissed from duties until all buses have dropped off their last student and all children are home.

Staff Dress

All staff are expected to be neat, clean and to wear appropriate dress for work that is in good taste and suitable for the job at hand. Staff members are role models for students and must follow all student dress code rules. Grooming and dress should follow what is most generally acceptable in the business and professional world. Certain job classifications may be follow a specific dress code for their classification.

Voice Mail System/Phone Use

The District phone system supports voice mail for all staff. In order to build confidence and communications between the community, parents, and District staff, anyone who has voice mail is required to check for messages a minimum of twice (2x) daily.

Telephones are available throughout the district in all buildings for staff convenience.

Personal calls made during working hours from district telephones should be brief, infrequent, and placed before or after school, during breaks, lunch or other times when staff are not responsible for supervising students.

Employees who have personal cell phones at their job site may use them during their non-work time. **Personal cell phones should not be used for personal business during work time.**

Yamhill Carlton Schools supports an environment of learning and sharing of information through the acquisition and maintenance of computers, computer systems, networks, and associated computing resources and infrastructure. Yamhill Carlton Schools may use information gained in this manner in disciplinary or criminal proceedings. Confidentiality

In the course of employment in a school district, employees may learn things of a confidential nature about the business and records of the District, it's students and it's employees. It is the responsibility of the employee to respect the confidentiality of that information. Employees shall not discuss confidential information with anyone except those who have a right or need to know the information. If in doubt, employees should check with their immediate supervisor.

Student Confidentiality

Federal and state regulations establish that information which may be used to personally identify individual students or could be considered an invasion of privacy if disclosed may be released only with prior notification by the District of the purpose(s) the information will be used for, to whom it will be released, and with prior written, dated, and signed consent.

Any employee who has reasonable cause to believe that a child with whom he/she comes in contact in an official capacity has suffered abuse or that a person with whom he/she has come in contact in an official capacity has abused a child must report or cause to report this information to the Department of Human Services or to a local law enforcement agency within Yamhill County.

The employee shall also immediately inform his/her supervisor, principal, or superintendent of the incident using the district report form unless otherwise directed by the Department of Human Services or law enforcement officials. All such child abuse report forms will be filed in the

¹ Adapted from OSU Material

Standard Operating Procedures

Superintendent's Office. District employees shall comply with the directives of those agencies as identified by statutes charged with investigating child abuse.

Sexual Harassment

Sexual harassment is strictly prohibited and will not be tolerated. This includes school volunteers, parents, visitors, service contractors, school employees, and students. Sexual harassment includes unwelcome sexual advances and any verbal, nonverbal, or physical conduct of a sexual nature. If you have a complaint or know of a possible infraction of the District Sexual Harassment Policy (GBN/JBA), please alert your immediate supervisor or building principal immediately. If the situation involves either of the for-mentioned, contact the superintendent.

Sexual Misconduct

House Bill 2062, was passed by the Oregon State Legislature in its regular 2009 legislative session. The bill's provisions, now included in ORS 339.370, require that district boards adopt a policy on reporting sexual conduct by a district employee that is directed toward a student. It modifies hiring procedures for districts as well as impacting information shared through the employee reference process. The law and this policy take effect July 1, 2010. The YC School District is committed to providing a learning environment free of all forms of abuse, assault, harassment, and coercive conduct, including sexual misconduct. All employees of the district have an obligation to know what sexual conduct is, to discourage it at all times, and to report to supervisors when the employee becomes knowledgeable that such conduct has occurred or is occurring. All known sexual misconduct must immediately be reported to your direct supervisor.

Sexual misconduct is defined as any verbal or physical contact by a school employee that is sexual in nature; is directed toward a K-12 student; has the effect of unreasonably interfering with a student's educational performance; and creates an intimidating, hostile or offensive environment. Sexual conduct is separate from sexual abuse, which commonly involves inappropriate physical contact with a minor. Sexual conduct may include grooming "The YC School District does not tolerate sexual misconduct in any form." behavior (this is behavior in which adults develop trust to break down a child's defenses so that the adult may engage the child in sexual conduct or sexual abuse). Examples of sexual conduct may also include (but not be limited to):

- Staff performing back rubs on a student
- Kissing students
- Touching students frequently
- Commenting on students' bodies or appearance in a sexual manner
- Exchanging romantic gifts or communications with a student
- Showing obscene or suggestive photos to the student
- Videotaping or photographing a student in revealing or suggestive poses

Standard Operating Procedures

- Discussing/writing about sexual topics unrelated to curriculum with students, making sexual jokes, gestures, and innuendos or engaging in inappropriate banter with students (e.g. discussion of student's dating behavior)
- Sharing your own sexual exploits or marital difficulties
- Intentionally invading the student's privacy
- Using e-mail, text-messaging, or instant messaging to discuss sexual topics with individual students
- Dating students

If an employee becomes aware that a student is exhibiting inappropriate or excessive interest in the employee, the employee must report that immediately to his/her supervisor. Prohibited sexual conduct may also include sexual harassment, which means unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic advancement; submission to or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting such individual; and/or, such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive working environment. School employees also have a duty to report (both to the District and to the Department of Human Services and/or law enforcement), and to refrain from any kind of "child abuse," including "sexual abuse." Child abuse includes physical abuse, emotional abuse, sexual abuse, threatening with abuse, and/or, in some cases, neglect. Sexual abuse is any incident of sexual contact including, but not limited to rape, sodomy, incest, and sexual penetration with a foreign object, as those acts defined in ORS Chapter 163.

Blood-borne Pathogens

District policy requires that all employees attend an annual training on procedures for Blood-borne Pathogens. If you have been hired mid-year, please contact the District Office for information.

Staff Duties and Responsibilities

At the beginning of each school year, staff will report to their assigned areas. Custodial, Maintenance and Grounds personnel will report to the District Facilities Supervisor. Kitchen Staff will report to the District Food Services Director. All other staff will report to the principal of their primary building assignment.

If you cannot be at your assigned duty position, you are required to make arrangements to have the duty covered by another staff member. The District holds all employees accountable for the activities that occur under the scope and span of their assigned duties.

Building keys and facilities use: all staff members are held accountable for the security of District facilities. Report lost keys immediately to the Facilities Supervisor or your building principal and do not allow students to use your keys for any reason. If you violate this policy you will be held responsible for all actions, such as damages, theft, vandalism etc.. that result

Standard Operating Procedures

from the use of your keys. If you are at the school beyond normal operating hours, be sure to secure your area and set the alarm for the entire building before you leave.

Instructional Staff Responsibilities - General

The work of the teacher and learning by pupils are interrelated and are paramount activities of the school district. All other services and the expenditure of all school funds shall be in support of the teaching and learning process.

The primary duty of the teacher is to instruct the pupils assigned during the full length of the school day. This shall include the duties of instruction, guidance, discipline, safety, and care of the pupils whenever they are under the supervision of the school.

The ethical standards of conduct listed in OAR 584-020-0035 shall be required in the professional conduct of teachers. Required responsibilities of teachers and professional personnel include but are not limited to:

1. Classroom supervision;
2. Care of equipment, supplies, textbooks and other materials;
3. Creating, filing, and maintaining student records of progress;
4. Attending school and professional meetings;
5. Notifying the district in case of absence;
6. Avoiding outside employment which interferes with school duties;
7. Obtaining permission for field trips and excursions.

Teacher Records: Grades, enrollment lists, seating charts, and attendance records are important documents. They must be kept up to date and be readily accessible. These records are legally considered primary reference documents. It is important that each teacher maintain a record keeping system of the achievement of each child in the classroom. Grades 6-12 are required to use the Schoolmaster Gradebook program. Teacher records are of value when a parent questions a situation, grade, or the teacher's evaluation of their child's work.

Lesson Plans: Teacher are required to have weekly lesson plan books maintained and readily available. Lesson planning is required and important to the teaching/learning process and a job requirement for teachers. Lesson planning is equally important for probationary teachers as it is for permanent teachers. Principals may ask to review your lesson plan book.

Teachers are required to know each student identified ELL, TAG, Special Education, and 504, and what special accommodations are to be made for that student in the classroom.

Standard Operating Procedures

Corporal Punishment (Board Policy JGA)

No teacher, administrator, other school personnel, or school volunteer will subject a student to corporal punishment or condone the use of corporal punishment by any person.

A staff member is authorized to employ physical force when, in the staff member's professional judgment, the physical force is necessary to restrain a student from harming self or others or doing harm to school district property and shall use only that force which may be reasonably calculated to restrain the student. Physical force shall not be used to discipline or punish a student.

Threats of Violence

The Board is committed to promoting healthy relationships and a safe learning environment. To this end, student threats of harm to self or others, threatening behavior or acts of violence, including threats to severely damage school property shall not be tolerated on District property or at activities under the jurisdiction of the District.

Students shall be instructed that they are expected to inform a teacher, counselor, or other administrator regarding any information or knowledge relevant to conduct prohibited by this policy. Parents and others will be encouraged to report such information to the District. Staff shall immediately notify an administrator of any threat, threatening behavior or act of violence he/she has knowledge of, has witnessed or received. All reports will be promptly investigated.

Student behavior prohibited by this policy shall result in discipline up to and including expulsion. A referral to law enforcement shall be made for any infraction involving a student bringing, possessing, concealing or using a weapon or destructive device as prohibited by state and federal law and board policy.

Printing and Distribution of Materials

- 2) Complete simple print sets (back-to-back, stapled, collated) on various paper types
- 3) Access to color copies through the building office (requires admin approval)
- 4) Print directly to the copy machine

Staff training will be provided to maximize the capability of the equipment and minimize excess printing. Complex or “finished” print jobs will require adequate planning time for the requisition and vendor processing. Staff will receive account codes and printing will be monitored District-wide.

The Ethical Educator

Oregon Administrative Rules 584-020-0035

The ethical educator is a person who accepts the requirements of membership in the teaching profession and acts at all times in ethical ways. In doing so the ethical educator considers the needs of students, the district, and the profession.

- (1) The ethical educator, in fulfilling obligations to the student, will:
 - (a) Keep the confidence entrusted in the profession as it relates to confidential information concerning a student and family; and
 - (b) Refrain from exploiting professional relationships with any student for personal gain, or in support of persons or issues.
- (2) The ethical educator, in fulfilling obligations to the district, will:
 - (a) Apply for, accept, offer, or assign a position of responsibility only on the basis of professional qualifications, and will adhere to the conditions of a contract or the terms of the appointment;
 - (b) Conduct professional business, including grievances, through established lawful and reasonable procedures;
 - (c) Strive for continued improvement and professional growth;
 - (d) Accept no gratuities or gifts of significance that could influence judgment in the exercise of professional duties; and
 - (e) Not use the district's or school's name, property, or resources for non-educational benefit without approval of the educator's supervisor or the appointing authority.
 - (f) Avoid: Public sector employees should maintain public trust in government by avoiding acts which place personal or private interests above pursuit of the public interest. An example is the unauthorized use of school property, material or machinery. Such action constitutes "Theft of Public Services" and is grounds for civil and criminal penalties as well as termination of employment.²
 - (g) Avoid Appearances of Impropriety: Public sector employees should avoid conduct that tends to undermine public trust by creating, in the minds of reasonable impartial observers, the perception that a school position has been used improperly.¹
- (3) The ethical educator, in fulfilling obligations to the profession, will:
 - (a) Maintain the dignity of the profession by respecting and obeying the law, exemplifying personal integrity and honesty;
 - (b) Extend equal treatment to all members of the profession in the exercise of their professional rights and responsibilities; and
 - (c) Respond to requests for evaluation of colleagues and keep such information confidential as appropriate.
